

Touch Works London

PRESENTS

Anatomy/Cadaver Workshop at the University of Western Ontario

This six hour workshop is an opportunity for massage therapists, students and others working in the health care field to review the principle musculoskeletal and nervous systems of the body. Participants will have the opportunity to indentify structures on previously dissected cadavers under the guidance of Dr. Hrycyshyn and his assistant.

Dr Hrycyshyn has been teaching clinical anatomy to students for over 30 yrs and his interactive teaching style makes learning anatomy fun and easy.

The workshop will be divided into two 3 hour sessions. Dates and course outline are as follows:

Saturday, February 28: 10 am - 1 pm
Upper back, cervical region and
upper limb

Sunday, March 1: 10 am - 1 pm
Lower back and pelvis
Lower limb

Workshop Cost

Massage Therapists \$250*

Students \$210*

*Tax included

**DO NOT MISS THIS GREAT OPPORTUNITY!
